Face Masks vs. Face Shields

Provides closer coverage	Protects the eyes
Easy to make at home	Keeps people from touching their face
There's more evidence proving their effectiveness	Good for those with hearing difficulties
Can be washed and reused	More comfortable for people with sensory processing issues
Recommended by the CDC	Can be washed and reused

CDC risk classifications for reopening schools – from lowest to highest

Lowest Risk
Students and teachers engage in virtual-only classes, activities, and events.

Some Risk
Hybrid Learning Model: Some students participate in virtual learning and other students participate in in-person learning.

Small, in-person classes, activities, and events.

Cohorting, alternating schedules, and staggered schedules are applied rigorously.

No mixing of groups of students and teachers through-out/across school days.

Students and teachers do not share objects.

Students, teachers, and staff follow all steps to protect themselves and others at all times, including proper use of face masks, social distancing, hand hygiene.

Regularly scheduled (i.e., at least daily or between uses) cleaning and disinfection of frequently touched areas

Medium Risk
Hybrid Learning Model: Most students participate in in-person learning, some students participate in virtual learning.

Larger in-person classes, activities, and events.

Cohorting, alternating schedules, and staggered schedules are applied with some exceptions.

Some mixing of groups of students and teachers through-out/across school days.

Students and teachers minimally share objects.

Students, teachers, and staff follow all steps to protect themselves and others, such as proper use of face masks, social distancing, hand hygiene'

Regularly scheduled cleaning and disinfection of frequently touched areas largely implemented with fidelity.

Higher Risk
Students and teachers engage in in-person only learn-

ing, activities, and events.

Highest Risk
Students and teachers engage in in-person only learning, activities, and events.

Students mix freely between classes and activities.

Students and teachers freely share objects.

Students, teachers, and staff do not/are not required to follow steps to protect themselves and others, such as proper use of face masks, social distancing, hand hygiene.

COVID-19 symptoms from mild to severe

COVID-19 affects different people in different ways. Infected people have had a wide range of symptoms reported – from mild symptoms to severe illness.

Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

Fever or chills; Cough; Shortness of breath or difficulty breathing; Fatigue; Muscle or body aches; Headache; New loss of taste or smell; Sore throat; Congestion or runny nose; Nausea or vomiting; Diarrhea; Look for emergency warning signs for COVID-19.

If someone is showing any of these signs, seek emergency medical care immediately: Trouble breathing; Persistent pain or pressure in the chest; New confusion; Inability to wake or stay awake; Bluish lips or face.

Alvin Sunrise Club donates supplies to UW

A donation of goodies to frontline workers at UWBC was presented from the Alvin Sunrise Rotary Club. Thank you for recognizing our case managers on the frontlines who are helping those affected by Covid-19.

DONATIONS NEEDED

To meet the needs of the senior population, ActionS, Inc. of Brazoria County is asking residents to drop off grocery and basic necessity donations at the Angleton Rec Center at 1601 N. Valderas between 10am - 2pm (M-F).

Follow the ActionS, Inc. of Brazoria County Facebook page for updates
