

Brazoria County Library System

Announcing our Summer Spotlight
Learning to Speak Southern
by Lindsey Rogers Cook

Visit theclub.hoopladigital.com to learn why we love it.

The Freeport Library has reopened to the public. Come by to see what we have done.

Share memories

The Brazoria County Library System marked 80 years of service last month, but there have been libraries in the county since the Alvin Library was established in 1923, followed by Freeport in 1930.

To help celebrate the eight-plus decades of library service in the county, the library has created a community collection platform to upload photographs, scans, writings, and audio and visual digital files. We encourage county residents to share these to help celebrate the impact of the libraries, their staff, volunteers, activities and events through the years.

To contribute pieces to this collection, go to Biblioboard, under the eBranch tab on our library webpage: <https://bcls.lib.tx.us> and click the "Submit to Project" button or visit <https://bcls.librariesshare.com/bcls-80years/>
